

Advocacy

AgingNY is the premier advocacy organization and is instrumental in influencing law makers and funders for all things aging. Aging services funding is administered by AgingNY core partners - local Area Agencies on Aging. Aging NY also works closely with partners at NYSOFA to identify needs, trends, and accessibility. Aging-NY maintains ongoing engagement with Senate and Assembly aging committee members to highlight issues and solutions for the aging network.

Membership Support

Ongoing networking calls, access to network list serve, resource member section of Aging-NY website. Members receive the most up to date information on aging services and funding and innovations. Member services leverage peer support. Ongoing media engagement to highlight issues and solutions for the aging network

State Budget Advocacy and Analysis

Aging-NY retains the services of Ostroffs Associates for NY State Budget Advocacy and Analysis. We make this information available to members for ease in understanding state budget and policy

Technical Assistance

Aging-NY has a team of experts available for one on one consultation for technical assistance for the purposes of policy development.

Aging and Disability Integration

Your membership includes access to technical assistance and support to comply with accessibility standards and beyond to offer inclusion, while integrating disability and aging issues in your programs and policies. Aging-NY has an attorney on staff who is dedicated to provide this support.

Training

Aging-NY provides access to ongoing industry training and has the ability to put forward content for peer development.
